Aspen White Polished Marble Collection

The Aspen White Polished Marble Collection evokes imagery of snow covered dense forestry and lushly contoured mountain slopes. The classic white color value is slightly formal due to the softly polished finish.

Marble is a metamorphic stone with a timeless history as a flooring, wall covering, paving material and sculptural medium. Think for a moment of the Taj Mahal, the Statue of a David, the Lincoln Memorial, the Washington Monument and perhaps your local courthouse. Then you have thought of but a tiny sample of the cultural and utilitarian impact the marble has had on human civilization.
