BATH VANITIES COLLECTION

# MARBLE SYSTEMS®

Since 1982, Marble Systems Inc. has been committed to creating exquisite collections of natural stone. Quarried and processed to exacting specifications using the latest manufacturing technology, our product lines are produced in a wide variety of specialized surface finishes ranging from our smooth Patika and polished lines to our rustic tumbled, chiseled, and antiqued designs.

With distribution and design centers in Washington, D.C., New York, Florida and Los Angeles, Marble Systems is uniquely positioned to provide an extensive supply of the industry's highest quality natural stone products.

Why? Marble Systems is the exclusive distributor of The Tureks Stone Collection, bringing with it the strength of expert quarry and manufacturing operations and the highest levels of quality control, while insuring for the quality, consistency and supply of trade professionals and dealers. We control our stock from the quarry, to the factory, from our warehouse, to your door.

Today, Marble Systems has emerged as the leading choice among top architects, interior designers and discriminating homeowners seeking the finest in natural stone products. Several of our most prestigious projects include: Merrick Plaza in Miami, Trump Plaza in New York, and the Bellagio Casino in Las Vegas.

If you're looking for the finest selection of natural stone, select Marble Systems. The clear leading source for naturally beautiful surfaces.

## BATH VANITIES COLLECTION

Introducing our new line of bath vanities; consisting of beautiful custom designs to enhance your bathrooms from the traditional to the modern. Our cabinets are made of superior quality featuring, a durable box construction which is  $\frac{3}{4}$ " solid wood and soft close doors. The drawers for the vanities are  $\frac{3}{4}$ " plywood dove tail construction, with under-mount glides, and soft close drawers.

All the doors on the vanities are either glazed or painted with kiln-fired lacquer finishes which ensures durability. To ensure flexibility and ease of installation, back panels are cut to allow for ease of installation with plumbing, the interiors of the vanities are all finished to match the boxes, and all sides are flush finished ends.
