

CATALINA™

The Catalina Collection is inspired by the great Southern California tile companies of the early 20th century, Batchelder, Catalina, D&M and Malibu Potteries. Designs featuring vibrant Tunisian, Moorish and Spanish-styles as well as molded relief designs in the earthy Craftsman-style are showcased.

Decorative Moorish designs in bold colors are highlighted using the technique called "cuerda seca" or resist-line technique in this collection. All designs can be custom made in colors you specify. The tiles are available in 6x6", 4x4" and 3x3" patterns in matte or gloss glazes. Borders, trims, murals and rug design installations are included in the collection.

The Catalina Collection can be used for both wall and floor installations: kitchen backsplashes, bathrooms, showers, wainscot applications, fireplace surrounds, wet bars, wine rooms, stair-risers, accent floors or entryway floors. They can also be used for outdoor installations in temperate climates; fountains, patio and pool surrounds. Residential and Commercial use is possible.
