TALAVERA COLLECTION

HACIENDA

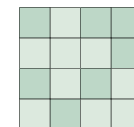

Rooted in the warmth and charm of traditional Mexican architecture, the Hacienda Talavera Collection celebrates the timeless beauty of handcrafted design. Made on a genuine terracotta ceramic body, each 4"x4" tile is created using the historic dry line technique a method that has defined Talavera artistry for centuries.

This collection features three classic blue-and-white patterns, offering a refined take on Mexico's most iconic decorative tradition. The deep cobalt tones and softly textured terracotta base come together to evoke the serene, rustic elegance found in old haciendas where hand-crafted materials and artisanal details tell stories of heritage and craftsmanship.

Perfect for backsplashes, accent walls, and intimate spaces, the Hacienda Talavera Collection brings authenticity, soul, and a touch of historical artistry into contemporary interiors.
