# Textura Paver Collection

Across the globe, stone roads from centuries past still exist right where ancient civilizations built them. If you've walked on one, you know the awe that ensues. Thus inspired, using a modular pattern from antiquity, and time-honored techniques of acid etching and sandblasting, modern stone artisans have created our Textura Pavers collection of natural marble outdoor flooring. Frost and slip-resistant, they're stocked in 6 colors of beveled and honed natural stone for the immediate transformation of gardens, pool decks, driveways and outdoor rooms. Suitable for exterior horizontal applications, residential and commercial.
